

Building Education Revolution Projects

Project

BER New school buildings

Client

Education Qld / Baulderstone

Completion Date

Various May – December 2010

Project Details

This project involved numerous projects for 5 schools all running concurrently: Avoca Primary, Bundaberg West Primary, Childers Primary, Gin Gin Primary and South Kolan Primary.

The work was very similar for each and included: Multi-purpose halls; Resource Centre / Library with service areas/toilets; stage; office space.

Typically, WCQ were mindful of safety concerns and worked around a strict set of procedures agreed to with the schools to allow the controlled flow of students between buildings and school playground areas.

The projects highlight WCQ's capability in construction project programming as these were undertaken well away from our Fraser Coast base and managed under a single supervisor.

We were commended by Baulderstone for our safety processes and ability to meet the strict quality assurance and safety parameters they set.
